Topic 3

Writing a letter
for your relative

Các bạn thân mến ! Để thay đổi không khí ,chúng ta chuyển sang chủ đề viết thư nhé !

Hãy tưởng tượng bạn đang đi du lịch ở đâu đó (Đà Lạt ,Nha Trang ,Hà Nội ,TPHCM) Và viết một bức thư gửi cho người thân (cha ,mẹ,anh ,chị ,em hay cho...).Trong thư kể những điều bạn đã trải qua ,cùng với nhận xét của mình về nơi đó .

Khi viết thư cho những người thân quen, ta sẽ viết một *informal (friendly) letter (thư thân mật)*; thông tin trong thư thường là những thông tin cá nhân.

Thư thân mật thường được viết không theo nguyên tắc nhất định, tuy nhiên format của 1 informal letter thường được dùng như sau:

Informal letter có thể gồm 7 phần: (căn cứ vào số được đánh dấu trong hình)

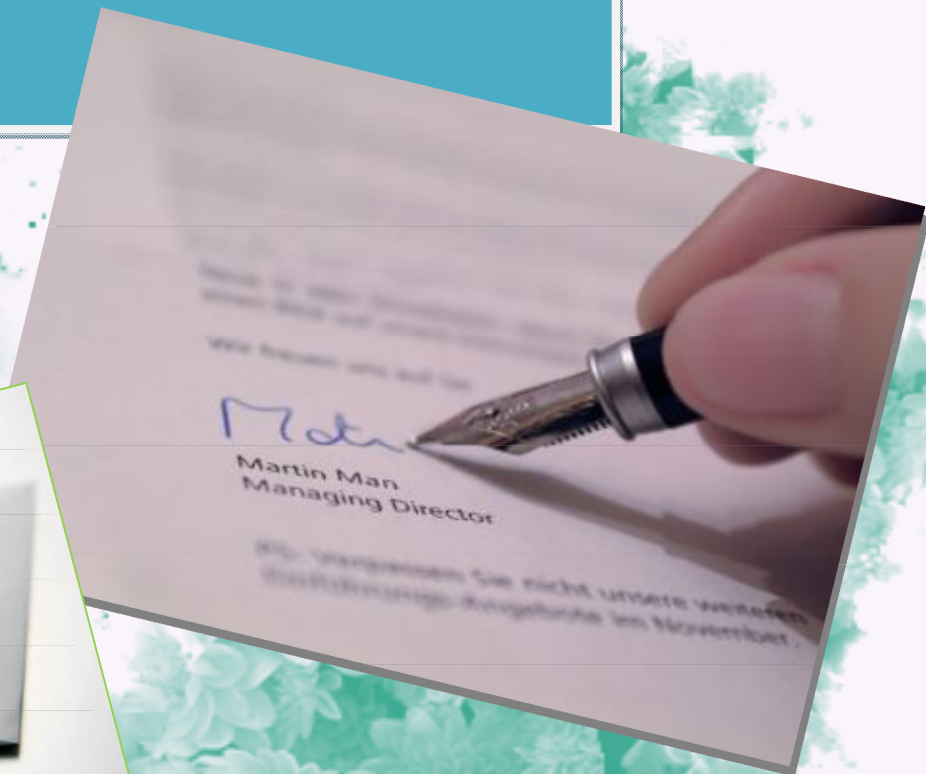

1. Địa chỉ của bạn (phần này thật ra không cần thiết, thường viết địa phương là đủ i.e. Hochiminh city)
2. Ngày tháng năm viết thư
3. Lời chào đầu thư (Salutation): thường được bắt đầu bằng Dear + tên người nhận & theo sau là dấu phẩy (comma)
4. Nội dung thư (Body): là phần quan trọng nhất. Mỗi đoạn (paragraph) trong phần này chỉ nên đề cập đến 1 chủ đề/thông tin. Nếu bắt đầu sang chủ/thông tin khác thì nên chuyển đoạn (xuống hàng, cách dòng)
5. Lời chào cuối thư (Closing): có thể nằm bên trái hoặc ở khoảng giữa trang thư hoặc bên phải.
Những từ hay được dùng: Regards, Best, Cheers, Fondly, Love; theo sau vẫn là dấu phẩy (comma)
6. Chữ ký (Closing)
7. P.S. (post script) Tái bút: Khi bạn muốn viết thêm thông tin gì đó (đã quên viết ở phần nội dung thư chẳng hạn)

Lưu ý:

- Bắt đầu 1 đoạn thường phải thụt vô đầu hàng (Indent)
- Chú ý bỏ trống dòng/hàng (skip a line) như trong hình minh họa ở trang 1

1. Địa chỉ của bạn
2. Ngày tháng năm viết thư
3. Lời chào đầu thư
4. Nội dung thư
5. Lời chào cuối thư
6. Chữ ký
7. P/S

Dear my wife

Firstly, I want to tell I love you and our daughter so much.

This is my one month in Quang Ngai province. At here, It is very hot in daytime, but it is cool in night. My works are busy, I usually get up at six o'clock then wash face, brush teeth and have breakfast. At 6.45 o'clock, I come the site by office's automobile. At the site of Dung Quat Refinery, almost people are busy, almost equipments work with high power. The site is very large, it is about 100 hectare square meters in area. However, temporary streets are very bad, therefore, walk is very difficult. Each day, I walk everywhere in the site to check all works is continuing.

Because, it is very hot in daytime, I am very tired, and very hungry and my skin is blacker than it in the past.

I tell to you about my works and my life in the site of Dung Quat Refinery, you don't worry for me, I know a way to care for myself.

And you, how are you? I hope you are fine and often remember me. Please, tell me about our daughter. I remember her so much. Write me as soon as.

Dear Ngoc

Thanks for your letter. I'm pleased to hear you had an enjoyable Christmas vacation. We received our first semester report a few days ago. I got good grades for Science, English and History, but my math result was poor. My math teacher asked me to spend more time on it. I must study harder next semester.

It is almost Tet. That's the Lunar New Year Festival in Viet Nam. I think I told you about it in my last letter. We're going to Hue tonight to celebrate the festival with my grandmother. I'll send you a postcard from there.

*Write soon and tell me all your news.

Dear Mom,

My lovely mom, actually, this is the first time I have been alone but there has been much interests . Today, the second day in my weekly vacation, I got up early at 6 o'clock and went ahead to the sea (opposite to my restroom) to see the rising of the sun, a red sky, it was an impressiveness. Then I had breakfast with a loaf of bread. Rapidly, I have been ready to take a travel. I have visited many places as: Nui Lon (Great mountain), Nui Nho (Small mountain), Thich Ca Phat Dai, Petroleum port.... Especially, I am really impressive with fresh air and streets in Vung Tau. Halong street is beside and around the sea, it is very romantic for who want to ride a couple-bicycle.

*My mom, I will come back home tomorrow but I will remember the 1st vacation, Vung Tau city. Return my family, I will have presents for you and all members. Thanks to mom for this vacation.

Dear Mom,

I'm very sad, I have just failed my English exam. I tried my best but I couldn't pass it. I am really sorry for making you disappointed. Now, I am staying at a hotel. Although it is very big and luxurious, I feel uncomfortable. The weather is very cold. Sometimes, it rains very heavily and the temperature drops under 10C. The food is very good but it isn't as delicious as food you cook. Our home is still the best place. I have only gone away for two days, but I miss you, Dad and Lai a lot. I wonder if all of you are well. I will come home next Sunday. Mom, always take care yourself.

Dear Mum,

I've been living here for a week. The weather in America is cold. It's not cold like the weather in Hanoi but it's still interesting because of snow. I've sent you a postcard with this letter. It's a picture which I took with sister Ha's children. The snow person takes us a hours to make. It's beautiful, isn't it?

The children are bigger than the last time you saw them. They are well-behaved and love me so much. We've been playing together all day. (you know, I like children very much).

Although their parents have been being far from home for a such long time , they don't behave like pampered children. I told them that their parents would be in Vietnam till the end of next week. But they said they didn't care for their parents as much as their grandmother because they thought their parents are old enough to take care of themselves and their grandmum is too old to do this. They wonder if she could take care of herself or not.

They want to send you some snow by post but I said the snow would melt , so it's an impossible task. It takes me a long time to explain to them that reason . Anyway, they're very cute, aren't they ?

Everything is O.K here . You remember to tell my sister that the children are fine and I can do everything on my control .

On the frist days , I couldn't sleep well .In the morning, I didn't know how to cook American dishes because the children couldn't eat Vietnamese food .

In the afternoon, I also didn't know what I should do when some sister Ha 's neighbour dropped in to ask me about the garden . I guess they want to buy it .They brought many things such as food, wine for us .I think they want to persuade me to tell sister Ha about their need .

Because of them, I have to stay at home and try to not go out in a few last afternoon .

In the evening, I and the children watched T.V . The children are allowed watching T,V untill 9.00 p.m , then I took them to their bed . I have to read stories for them . I like this work although it's a bit hard . It's a good chance for the children to listen to Vietnamese . They use English too much , so their Vietnamese isn't very good .

I'm getting used to living here, so don't worry about me and the children .

Take care of yourself

Dear uncle Hung,
I'm writing to ask you for permission about our visit your computer factory
Recently, we have studied about computer but my school doesn't have any computer for us to practice. That is the reason why my class have a plan to visit a computer factory in the local area. Forrtunately, your computer factory is near our school . So it is convenient for us to go there by bus. If you accept, I and forty one classmates will visit your factory from 8.30am till 10.30 am this sunday . Are you free at that time? I hope you will allow us to visit your factory and help us know how computer are made and how to use them. If you are busy, can you please have someone allow us to give us some information about the computers. Besides, we also want to talk to the workers there to know more about their work. That is all my suggestions. I hope you will help us.
I'm looking forward to hearing your respond.
Please write or call me by the phone at 111222333 to tell me your idea as soon as possible.

Dear Aunt,

I haven't written to you since international telephone service appeared in internet. This service is very cheap. The USvoicard I buy can call to USA over three hours. Formerly, every time I had wanted to confide in you, I called you through internet. I remember you said every time you are sad you like reading my letters again. Therefore, today instead of confiding in you by telephone, I confide in you by letter.

For frequently calling you, I am not in the habit of writing to you. Today I write this letter to get into the habit of doing that.

I realized I had been wrong to lie to you. This must surprise you. I am sure that you will wonder what I lied to you about. Maybe you will be very angry about what I say following.

Most of my friends have new model of motorbike. For imitating their lifetyle, I wanted have things they have but I hadn't enough money to buy them. Therefore, I thought out how I could ask for your money. I lied that I had been sevious illness. I needed a lot of money to operate. I knew you were very worry to hear about that news. You immediately sent five thousand dollars for me. I spent a part of them on buying a new model of motorbike. I wasted remainder on induging in dissipation at Dancing-floor.

Thinking of what I did, I feel regret very much.

I feel that I am not worthy of your love.

Therefore, writing this letter, I only want to apologise and beg you for forgiveness. I knew I had betrayed your trust, my parents's and those who love me.

I beg you for forgiveness again. I promise I will give my mind to improving my studies to be useful with my life and society.

Dear teacher,

Time pass quickly aren't you? I don't think that we got acquaintance nearly 5 months. Do you remember the first time we met each other? Very susprised and interesting, and I don't think that you are my teacher and will teach me with the time for 3 days of work. You taught me many things for my present work. Now, I don't think that only 3 days changed my life. I don't know that you paid much attention to me, so when we end that course, I said goodbye to you as normal, but when I had come back my house, I received you message with lovely words. From that, our relationship becomes closely. You sent messages to me everyday and emails, phonecalls etc. All things make me feel very happy.

I still think that our relationship will be forever, but I want to stop everything here, because I don't want to affect to my present life as well you. Therefore, this afternoon, I sent my message to you and request that you should forget me, concentrate on your work. When I say this, I am very sad, because I know that I can't forget you easily.

I am being sad, I received a phonecall from you, listening your smile, advices I forgot that I should forget you.

What can I should do now? Please give me your advices my teacher.

Dear Mom,

It's just over one month that the new year begins. Time elapses quickly, don't you think so? Three years have elapsed since I was away from home, but I think as if I have recently been away from home.

I have lived in the strange land for three years, i.e it was two Tet celebration that I didn't gather around our family. The Tet before last I didn't go back home because I hadn't enough money to ride on a train. The Tet last I saved a little money, but I didn't buy train ticket, mom. It was too difficult to buy the ticket for going to central provinces and north provinces on days near Tet. Many people who waited for buying the ticket all day long still not get. You know, I don't ride on a car because of car-sick.

I had two Tet holiday in HCM city. Here atmosphere of Tet was different from one in our own native place, mom. It seemed to be sadder everyday activities. Streets were not clouded. Shops stopped buying. Almost anyhouse closed door very tight. The range of aparment where I am living was very quiet at Tet holiday because those who live in one went back their home to have Tet celebration with their family. I was in my aparment alone, so I felt so lonely. I didn't know where I went on Tet holiday. I also didn't know to anyone here. I wished Tet holiday elapse very quickly to return to work.

Mom, This year is nearing it's end. I don't know whether I will go back home to have Tet celebration with the family because I can't buy train ticket now. I asked my boss for a day leave to buy the ticket, but still not get, mom. This Tet if I don't go back home, at first I will say to the family on the occasion of Tet celebration wish everyone in the family a happy new year!

It's very late at night. I also write quite many. I stop here. I will write more the next letter.

You take care of your health

Give my love to the family

I have gone to Phan Thiet for two days. However I couldn't reply on you soon because I had to found Ha's house first. Now I am staying at her house. We went to the beach. It is not far from the city. I receive your card last week. Thanks for your warm care, I'm fine now. I've just finish my first semester examination, the result is not bad but I'm unsatisfied. Oh, I won't mention about it anymore, let's relax! How is your vacation? Is it cold? Where are you staying? I heard Seiko said that you had met Orlando, did you take any photos with him? It must be such an interesting experience, I'm sure. I wish I had been with you. Will you stay there longer? Let me know when you will get home, okay?

Don't forget to take care of yourself. Hope that you'll enjoy it!

Dear Dad,
maybe you will surprise when you hear from me. I indeed have never confided in you for twenty years, though you and I always lived together formerly. Not like my mother, who bring up me in her warm and sweet love, you are cold and it is too difficult for me to be close to you. You never talk to me in a soft and sweet voice. Every time I made some mistake, you only stormed and hit me with something you could snatch without asking why I made one. Sometimes I was hit by you without any reason. Such the way of your bringing up children unintentionally created a terrible gap in our love, which separated me (and my brothers) from you. Maybe you remember why my brother left home without a word. I still remember clearly my brother went to the cinema and returned home late in that evening. When he got up in the next morning, he discovered blood had come out of his mouth and soaked through his night clothes. In such situation, you would had had to care and ask about his health, if you hadn't been hot-tempered, but you thought he had fought with someone, so you shouted and threatened that you would beat him at midday because you were busy ploughing at the field in the early morning. None of your children live with you now. Some got married and had his or her own house. The others left home to work in HCM city. I called my mother and she said you had worked as a bricklayer's assistant. I am surprised at that news. I know it is too difficult and hard for one who is over sixty years old as like you to workdo. I used to do it and I had hard experience for it. (as dùng với mệnh đề, like dùng với cụm từ) I began thinking of you. The image of your hard doing in ragged dress clothes several times appeared in my dreams. I realized I had been a undutiful child. I considered from your rude and hot-tempered exterior you were a bad father, but I didn't know your muted sacrifice to me was very great, and I didn't feel it was the happiest source in my life that your overflowing with source of spring-love hid behind your rude and hot-tempered look. I feel you are a great father now. I love you very much.

surprise là động từ với nghĩa là : làm cho (ai) ngạc nhiên, cho nên khi sử dụng loại động từ này bạn phải cẩn thận. Muốn nói "ngạc nhiên" bạn phải biến nó thành tính từ. The news surprises me : tin tức này làm tôi ngạc nhiên = I am surprised at the news : tôi ngạc nhiên về tin tức này.

Những động từ thuộc dạng này là :

worry, amaze, bore, interest, embarrass, please, disappoint, ...

Đối với các động từ có giới từ theo sau thì có thể chen danh từ vào giữa nhưng không thể chen đại từ vào được I pick the book up đúng : tôi nhặt quyển sách lên

I pick up the book đúng

=> khi túc từ là danh từ thì có thể đặt trước hay sau giới từ đều được

Dear Nam,
How are you? I've not written the letter to you for along time because I am very busy with my work. I've just gone the tour in DaLat with my family, so on this occasion I write a letter for you to tell about that tour.

We began to start at 7:AM and arrived to DaLat at 12:AM. After hire room at Kim Nguu hotel and take a rest, I and my parents went to around DaLat city. So at present in summer, DaLat is cool, warmly and fresh air. I'm also like to seeing the sun rising every morning. In DaLat, there are a lot of beautiful sceneries which I can visit and take a lot of pictures. I and my parents visited The BaoDai Place, Xuan Huong lake, The Valley of Love, Lake of Signs and other tour spots. In the evening, I and my parents walked along the road in the DaLat city and ride horse around Xuan Huong Lake to see the beauty of evening city. Although I've just stayed 3 days in DaLat but it was given the impression that I hardly forget. I hope that you're sharing with me my happiness.

Please send my best ragards to you and your family. I'll write the letter for you in other occasions. I'm looking forward to hearing from you and seeing you again.

Dear JayChou

I'm a fan of you. You know, your songs are very melodious. I love them. I listen to music everyday, specially your music. When I'm sad, I usually listen to "Nocturne". It's a good song I have ever known. I hope you can talk me about music. And I really admire you. At my school, many people like your music. They said: " JayChou is a genius musician. He is handsome and street-wise...v...". It's

true. 😊

I'll tell you about a little about myself, and you can do the same when you write to me. I want to know you more.

I live in city of Viet Nam called Hai Phong. It's a uproarious city, but where I live, it's not near the center. It's quiet. I live with my parents, my younger sister, Chau. Both my father and mother are teachers.

Everyday, in the morning, I go to school, where I have a lot of friends. I like most subjects, but not all of them. In the evening, I usually cook dinner with my mum. My mum cooks well. At the weekends I like going fishing in countryside.

Now, I'm learning very hard because I take a maths test tomorrow morning.

I'm looking forward to hearing from you!

Dear dad,

At this time, you don't stay at home(bạn không nên viết những câu như thế này vì nó không chứa đựng thông tin nào cả : "bố không ở nhà lúc này " => đương nhiên bố ở đâu thì bố biết rồi ,bạn viết câu đó ra chi ?). Allthing Everything is ok.,so You don't worry(nên dùng liên từ để nối các câu cho đoạn văn được mạch lạc). But(but không bao giờ được sử dụng ở đầu câu ,nếu muốn sử dụng ý này thì dùng however) I still want to write to tell you many things ... When you 've gone left , I haven't said-did not say good bye to you .(thì hiện tại hoàn thành không thể dùng trong mệnh đề có when) And I haven't known when you 've gone out. I regreted coz it. cả đoạn này nên viết tóm lại như sau :

I regret not seeing you off ,but just because I did not know when you left .(con hối hận vì đã không tiễn đưa ba lên đường ,nhưng chỉ vì con không biết ba đi lúc nào) I have written about you in my test. It was said very good. My teacher said it had my large love and it made her touched. But I didnt do like the test.

When I wrote about you in my test at school ,my teacher said it was such a good essay that she felt moved because of my love to you

I took care of you more than before., But I think it wasnt enough. I want to say an apologize to you about for that. I hope you 'll come back as soon as you can. I miss you very much. Please keep in touch. Good luck to you!

Dear Yo,
I receive your card last week. Thanks for your warm care, I'm fine now. I've just finish my first semester examination, the result is not bad but I'm unsatisfied. Oh, I won't mention about it anymore, let's relax! How is your vacation? Is it cold? Where are you staying? I heard Seiko said that you had met Orlando, did you take any photos with him? It must be such an interesting experience, I'm sure. I wish I had been with you. Will you stay there longer? Let me know when you will get home, okay?
Don't forget to take care of yourself. Hope that you'll enjoy it!
Write to me soon.
Love,
Dorothy

Dear grandma(.) , (dấu phẩy chứ không phải dấu chấm nhé) I'm so sorry because ~~the~~ last summer I didn't ~~went~~ go (mượn did thì động từ phải về nguyên mẫu) to the country ~~and~~to visit you. ~~But~~ I ~~se~~ miss you so much now ! (so cũng như very không dùng trước động từ) My dad ~~told~~ tells me that you ~~were~~ are fine. I'm so happy. (chuyện vẫn còn là hiện tại không nên dùng quá khứ)

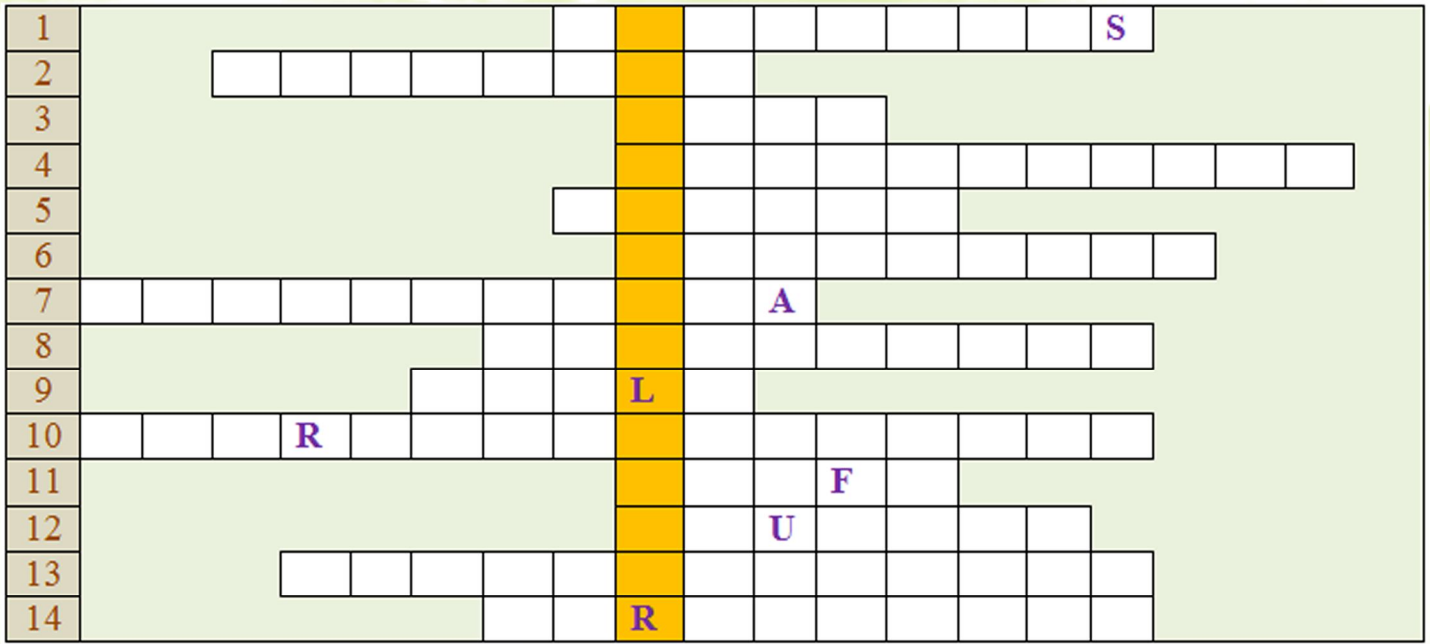

Firstly, I write this letter to tell you about my life in Ha Noi city now. I still live comfortably and go to school every day. ~~And~~ I still study ~~good~~well (bổ nghĩa cho động từ phải dùng trạng từ well còn good là tính từ). I am about 7 cm taller than the last time I met you ~~about 7 cm~~ (số lượng để trước so sánh). Now, I am studying English at Apolo school- this school is really good !

Oh, I'm forget , my family are fine, grandma, ~~d~~ . Don't worry , my sisters aren't sick . (nên dùng still well : vẫn khỏe)

Lastly, I ~~hope you have a wish you~~ good health. (con chúc bà dồi dào sức khỏe) Next spring, I'll ~~be came~~ come home and meet you.

Love you ,
Minh
